\*Pegasus fertilizer spreaders offer top quality and low price - a great value!

\*The poly hopper won't rust like metal hoppers so the machine lasts much longer.

\*Available in 250 liter and 500 liter sizes.

\*Category I 3 point hitch hook up.

\*Includes PTO shaft.

## Fertilizer Spreaders

### Pegasus Premier

Pegasus Premier products are the top quality available. You can still expect to pay less for Premier than other brands of the same quality.

The Pegasus Premier fertilizer spreader offers a heavy duty frame supporting a thick poly no-rust hopper. Bracing on the top of the hopper provides support for your seed or fertilizer bag while filling the spreader. Landscape professionals or farmers will appreciate the construction and features of this Premier product.

### Landscape Rakes

The rake tines are manufactured from high carbon steel, heat treated and tempered to give a strong positive rake action and long life. Multi tine locks hold rake tines solidly in place. Rotates 360 degrees for different angle positions.

<u>Model#</u>	<u>Width</u>	<u>Approx. Wt.</u>
LR-60	5 Foot	200 lbs
LR-72	6 Foot	220 lbs
LR-84	7 Foot	255 lbs

### Tilt and Angle Blade

The SB-6 and SB-7 blades are excellent all around landscaping blades. They come standard with reversible bolt-on cutting edges. The 6 tilt positions makes them perfect for ditching and trenching. The 6 forward and 6 reverse angle positions can be used for forward scraping or backfilling.

- ⇒ Angles, Reverses, and Tilts
- ⇒ 6 tilt positions
- ⇒ 6 forward and reverse angle positions

<u>Model#</u>	<u>Width</u>	<u>Approx. Wt.</u>
SB6	6 Foot	290 lbs
SB7	7 Foot	355 lbs

### BF1 Hay Bale Fork

Our hay bale forks are made to move round hay bales with ease. The forks can be used for a variety of farming needs and have the standard category 1 hook up for 3 point hitch tractors. The forks are 54" in length.

Approximate weight 120 lbs.

### Compact Box Blade

The compact line is a new concept designed with the price conscious consumer in mind. The same features you need in a box scrape are available at a lower price. You can choose between 3 different ripper heights with the pull of a pin. Comes with standard replaceable weld-on blade.

- ⇒ Easy pin adjustment
- ⇒ Weld on blade

<u>Model#</u>	<u>Width</u>	<u>Approx. Wt.</u>
CBB400	4 Foot	170 lbs
CBB500	5 Foot	255 lbs

### Box Blade

The Pegasus box blade stands out above its competition. Built with quality materials and expert workmanship, the box blade is engineered to give maximum scraping action with minimum side leakage. The rippers have three position holes at the top away from the points of stress. This makes them easier to change, less susceptible to jamming and much stronger than rippers with notches. Both the front and rear blades are 1/2" x 6" forged steel, reversible for double wear time.

- ⇒ Easy pin adjustment
- ⇒ Bolt on blade
- \*\* 4' has front bolt on blade only

<u>Model#</u>	<u>Width</u>	<u>Approx. Wt.</u>
BB480	4 Foot**	290 lbs
BB600	5 Foot	405 lbs
BB720	6 Foot	445 lbs
BB840	7 Foot	530 lbs

### One Bottom Plows

Quality workmanship and unique design separate the Pegasus one bottom plows from the rest of the field. Ideal for the small farm, these plows are available in three sizes.

<u>Model#</u>	<u>Description</u>	<u>Approximate Wt.</u>
1BP-12	12" One Bottom Plow	150 lbs
1BP-14	14" One Bottom Plow	152 lbs
1BP-16	16" One Bottom Plow	154 lbs

# Rotary Mowers

Our Premium **blade carriers** have never dented or bent as with the thinner dished type blade carriers. It is the best design in the industry when it comes to reliable operation in the field. Should you accidentally hit something in the field you will have the 1/2" thick plate steel blade carrier to get you through with no damage to the cutter or it's components.

Constructed of 1/2" plate steel with a splined hub. Hub is welded to top and bottom of carrier for strength and to protect your drive train from damage during field operation.

Why settle for what others call the "*stump jumper*". Get the one that really takes the toughest of your cutting needs without damage to the blade carrier or drive train.

<u>Model#</u>	<u>Size</u>	<u>Wheel</u>	<u>Blade Carrier</u>	<u>Deck</u>	<u>Approximate Wt.</u>
RM4	4'	Solid rubber	Oval	14 Gauge	305 lbs
RM4L	4'	Laminated	Oval	14 Gauge	310 lbs
RM5	5'	Solid rubber	Oval	12 Gauge	400 lbs
HRM5	5'	Laminated	Round	8 Gauge	470 lbs
HRM6	6'	Laminated	Round	8 Gauge	560 lbs

- ⇒ All cutters come with 2 heat-treated, free swinging blades.
- ⇒ Blade carriers are made of 1/2" thick solid plate steel.
- ⇒ Round blade carrier has placing for up to 4 blades.
- ⇒ Oval blade carrier has placing for up to 2 blades.
- ⇒ All cutters come with 40 horsepower gearbox.

### LSE22

- \* 6.5 HP Engine
- \* 22 Ton Capacity
- \* 26" log capacity
- \* Splits horizontally or vertically
- \* Trailer ball hitch

## **LOG SPLITTERS**

### LS322

- \* 3 Point hitch hook-up
- \* 22 ton capacity
- \* 26" log capacity
- \* 4" diameter cylinder

**Pegasus**  
Industries inc

### Single Section Harrow

These disc harrows are single section harrows designed for small farm tractors. They are made to ensure dependable service and long life. The steel frame has three adjustment positions for varying the cutting angle. Greasable iron bearings are standard.

<u>Model#</u>	<u>Discs</u>	<u>Size</u>	<u>Length</u>	<u>Approx. Wt.</u>
DH816	8	16"	52"	250 lbs
DH1016	10	16"	62"	295 lbs

Iron Bearing

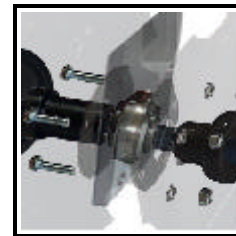

**Pegasus**

### Cement Mixer

Internal paddles for uniform mixing and clean dumping.  
Hydraulic top link cylinder provides positive dump control. Roller chain drives mixing drum. Adjustable hitch for easy hook-up to most tractors. 17.5" drum opening, 11 gauge steel drum and 5 cu. Ft. capacity.  
\*PTO included

### Boom Pole

Turn your tractor into a small crane. A boom helps load and unload heavy objects from trucks or trailers and pull posts. Lift capacity 800 lbs.

**Pegasus**  
Industries inc.

### Canopies

Made of polyethylene impregnated with UV protection to prevent fading. Mounts on all square and rectangular ROPS. 44" wide and 61" long. Mounted on 3" x 4" tubing for

### Bale Spear

Features tapered forged spring steel spears designed for hard center bales allowing easy penetration and withdrawal. A special tapered socket provides support for spear. **Load capacity 1000 lbs.**

### Quick Hitch

Maximum 45 HP recommended. Heavy duty steel construction. 26 inch width, adjustable top link ball bracket. Includes 7/8" mounting pins and adaptor bushings, and 27 1/4" at lift arm spacing.

### Pegasus Premier

#### Quick Hitch

Pegasus Premier products are the top quality available. You can still expect to pay less for Premier than other brands of the same quality.

This quick hitch allows you to attach and release implements from the comfort of the tractor seat. Features spring loaded ergonomic handle with auto release system.

**Pegasus**  
Industries inc.

### Scoop

Width 24", reinforced tubular steel frame, carbon steel bucket has 9/32" cutting edge. Bucket balances on center-mount frame busing for easy dumping. Spring loaded latch locks, tips and resets from the tractor seat. Constructed of 2 3/8" tube and 2 1/4" angle iron frame.

## Pegasus Industries inc.

### Carryall

An all-purpose tool, can be floored. A great help in moving heavy, bulky items with ease. 27" wide and 32" in length.  
**Load Capacity 500 lbs.**

### Cultivator

A heavy-duty, one-row cultivator for any size job. Close-up mounted for better control. Heavily welded construction features reversible shovels and adjustable spacing from end to end.

Complete loaders include: 2 bucket cylinders and 2 lift cylinders, hoses, parking stand, grill guard, bucket, mounting kit and joystick control valve. Loaders are packaged individually on wooden pallets. Quick attach buckets are Bobcat skid steer compatible.
