SPREADERS

Pegasus Premier products are the top quality available. You can still expect to pay less for Premier than other brands of the same quality.

Pegasus Premier

The Pegasus Premier fertilizer spreader offers a heavy duty frame supporting a thick poly no-rust hopper. Bracing on the top of the hopper provides support for your seed or fertilizer bag while filling the spreader. Landscape professionals or farmers will appreciate the construction and features of this Premier product.

- *Pegasus fertilizer spreaders offer top quality and low price - a great value!
- *The poly hopper won't rust like metal hoppers so the machine lasts much longer.
- *Available in 250 liter and 500 liter sizes.
- *Category I 3 point hitch hook up.
- *Includes PTO shaft.

BOX BLADES

Compact Box Blade

The compact line is a new concept designed with the price conscious consumer in mind. The same features you need in a box scrape are available at a lower price. You can choose between 3 different ripper heights with the pull of a pin. Comes with standard replaceable weld-on blade.

- ⇒ Easy pin adjustment
- ⇒ Weld on blade

Model#	Width	Approx. Wt.
CBB400	4 Foot	170 lbs
CBB500	5 Foot	255 lbs

Box Blade

The Pegasus box blade stands out above its competition. Built with quality materials and expert workmanship, the box blade is engineered to give maximum scraping action with minimum side leakage. The rippers have three position holes at the top away from the points of stress. This makes them easier to change, less susceptible to jamming and much stronger than rippers with notches. Both the front and rear blades are 1/2" x 6" forged steel, reversible for double wear time.

- ⇒ Easy pin adjustment
- ⇒ Bolt on blade

** 4' has front bolt on blade only

Model#	Width	Approx. Wt.
BB480	4 Foot**	290 lbs
BB600	5 Foot	405 lbs
BB720	6 Foot	445 lbs
BB840	7 Foot	530 lbs

Rotary Mowers

- ⇒ All mowers come with 2 heat-treated, free swinging blades.
- ⇒ Blade carriers are made of 1/2" thick solid plate steel.
- ⇒ Round blade carrier has placing for up to 4 blades.
- ⇒ Oval blade carrier has placing for up to 2 blades.

All mowers come with 40 horsepower gear-box.

Model#	Size	Wheel	Carrier	Deck	Approximate Wt.
RM4	4'	Solid rubber	Oval	14 Gauge	305 lbs
RM4L	4'	Laminated	Oval	14 Gauge	310 lbs
RM5	5'	Solid rubber	Oval	12 Gauge	400 lbs
RM5L	5'	Laminated	Oval	12 Gauge	405 lbs
RM6	6'	Laminated	Oval	11 Gauge	490 lbs
HRM5	5'	Laminated	Round	8 Gauge	470 lbs
HRM6	6'	Laminated	Round	8 Gauge	560 lbs

Our Premium **blade carriers** have never dented or bent as with the thinner dished type blade carriers. It is the best design in the industry when it comes to reliable operation in the field. Should you accidentally hit something in the field you will have the 1/2" thick plate steel blade carrier to get you through with no damage to the cutter or it's components. Constructed of 1/2" plate steel with a splined hub. Hub is welded to top and bottom of carrier for strength and to protect your drive train from damage during field operation. Why settle for what others call the "stump jumper"? Get the one that really takes the toughest of your cutting needs without damage to the blade carrier or drive train.
